

CHEN Yunwei

Gender: Male

Birth: born in 1978.

Phone: +86 28 85235075

E-mail: chenyw@clas.ac.cn

Education

- Ph.D. in information science, University of Chinese Academy of Sciences, 2013
- Master of Biology, Sichuan University, 2004
- Bachelor of Biology, Sichuan University, 2001

Professional Employment

- Vice director, Department of Intelligence research, Chengdu Library and Information Center, CAS, April 2016 – present
- Associate Professor, Chengdu Library and Information Center, CAS, July 2012 – present
- Visiting Professor, Indiana University, February 2009 – August 2009.
- Assistant Professor Chengdu Library and Information Center, CAS, July 2006 – June 2012.
- Editor of Natural Product Research & Development, Chengdu Library of CAS, July 2004-June 2006

Research Areas

1. Theories and methods of scientometrics and scientific evaluation

New theories, methods and techniques of scientometrics and scientific evaluation, the use of big data analysis in the field of scientometrics and informetrics, interdisciplinarity and fusion between intelligence research and the other subjects, developing new tools.

2. Practice of scientific evaluation

Developing new algorithms, indicator and models for evaluation, constructing evaluation index system, identifying research forefronts and technology foresight.

Publications

35 journal articles and 15 conference papers, in which there are 2 SCI/SSCI papers and 7 english conference papers.

Grants & Projects

Funded and completed projects: 8.
