

**Zhang Dongrong:** female, master, research librarian.

1989.9-1993.7 Lanzhou University, Department of Library and Information Science, Bachelor of Science; 1993.9-1996.4 Graduate School of Chinese Academy of Sciences, Chengdu Library and Information Center, Chinese Academy of Sciences, Master of Science; 2005.9-12 Senior visiting scholar to University of Pittsburgh, USA; 1996.4-2000.12 Reference Department of National Science Library, Chinese Academy of Sciences(NSL, CAS); 2001.1-2005.12 Deputy director of Information Service Department of NSL, CAS; 2006-2014.7 Deputy director of the Discipline Advisory Service Department of NSL,

CAS, senior research librarian; 2014.7- Senior research librarian of Intelligence Research Department of NSL, CAS.

**Introduction to research direction:**

The research direction of users and services is a research direction that is closely combined with theory and practice. It focuses on the characteristics of user information needs in the digital environment, user information behavior characteristics and its influencing factors, and study the relationship between the information environment, information technology, user information needs, user information behavior and other factors. Researchers need to use various information resources and information technology to build an information service system based on user needs, explore new academic information exchange characteristics and service models, expand information quality education research, and carry out research on science and technology information policy systems and consulting services.

**Scientific research achievements and awards:**

She was the head of a number of projects of CAS, such as “institutional knowledge building” and “information quality education open service platform”, and was awarded the title of “Outstanding Communist Party Member” in 2011.

**Representative academic papers, works catalogue:**

1.The Case Analysis of S&T Think Tank ' s Demand of Socio-economic Data and Its Construction Mechanism [J] Library and Information Service 2015,59(16)

2.Construction, Promotion and Service of CAS IRs [J] Library and Information Service 2013,57(1):20-25

3.Embedded Information Literacy Service [J] Library and Information Service 2013,57(22):23-30

4.CAS IR Grid: Institutional Repositories Network In CAS[C] COAR Annual Meeting & General Assembly 2013. 2013-5-6

5.Realization of Technology/Effect Maps Generating Based on Subject Automatic Indexing [J] New Technology of Library and Information Service 2013(5):80-86.

6.Practice and Innovation of Subject Services in National Science Libraries of Chinese Academy of Sciences [J] Library and Information Service 2013(Vol.57 (2)):28-31

7.Rights Management for Content Deposit and Distribution in Institutional Repositories [J] Journal of Library Science in China 2012,38(4):46-54
